

Kansas Interagency Coordinating Council on Early Childhood Developmental Services

ANNUAL REPORT: July 1, 2019 – June 30, 2020

The mission of the Kansas Coordinating Council on Early Childhood Developmental Services is to ensure that a comprehensive service delivery system of integrated services is available in Kansas to all children with or at risk for developmental delays from birth through age 5 and their families.

INTRODUCTION

The Kansas Interagency Coordinating Council (SICC) is based in both federal law and state statute. The Council serves as an advisory body to state agencies and others with the majority of our members appointed by the Governor and the remainder by administrators of state agencies, the Kansas Board of Regents, Kansas House and Senate leaders, and the Kansas Insurance Commissioner. Our area of focus concerns children with (or at risk of) disabilities or developmental delays aged birth through five years and their families. Council activities are guided by statute and the mission statement and are largely driven by the Annual Strategic Planning meeting and our Memorandum of Agreement (MOA-Attachment #1) with state agency partners.
